*Subject index**

A

Abortion, prostaglandin, hydrocephalus and abnormal digits after failed first-trimester attempt (Collins and Mahoney) (CLO), 620
ε*N*-Acetyllysine and homocitrulline, oral administration of, in lysinuric protein intolerance (Rajantie et al), 388
Achondroplasia, respiratory complications of (Stokes et al), 534
Acidemia, glutaric type II: A form with deleterious intrauterine effects (Goodman et al) (CLO), 411
Acidosis, D-lactic, in children, an unusual metabolic complication of small bowel resection (Perlmutter et al), 234
  renal tubular (Chan), 327
Aciduria, orotic, neonatal diagnosis of: Experience with one family (McClard et al) (CLO), 85
Acrodermatitis, infantile papular, and Epstein-Barr virus (Harpey and Lenoir) (Letter), 167
Administration technique, effect of, on bronchodilator response to fenoterol in metered-dose inhaler (Rivlin et al) (CLO), 470
Adolescent(s), lactating, bone mineral loss in (Cunningham) (Letter), 1016; (Chan) (Reply), 1017
  need for measles revaccination in, correlation with birth date prior to 1972 (Yeager et al), 191
  polycystic ovary syndrome, plasma free testosterone in diagnosis of (Moll and Rosenfield), 461
  recurrent wheezing and massive atelectasis in (Mak et al), 955
Adolescent(s)—Cont'd
  in suburban population, assessment of health needs and willingness to utilize health care resources (Marks et al), 456
Age, gestational, effect of, on ductus arteriosus response to circulating prostaglandin E_2 (Clyman et al), 907
Agglutination, commercial latex, for detection of group B streptococcal antigen in body fluids (Baker and Rench) (CLO), 393
Airway pressure, mean, formula for calculating (Prince and Ballantine) (Letter), 164; (Mammel and Boros) (Reply), 165
Albumin, bilirubin binding to, effect of lactate, pyruvate, acetone, acetoacetate, and β-hydroxybutyrate on (Robertson and Broderson), 433
  and serum bilirubin, influence of free fatty acids and glucose infusion on: Clinical implications (Ostrea et al), 426
Albuterol (salbutamol), inhaled, vs injected epinephrine in treatment of acute asthma in children (Becker et al), 465
Aldosterone deficiency, isolated, detection of, in neonate (Veldhuis et al) (CLO), 83
Alkalosis, hypothermia, and barbiturate clearance (Koren and Chin) (Letter), 643; (Schaible et al) (Reply), 643
Allergic reactions to measles (rubeola) vaccine in patients hypersensitive to egg protein (Herman et al), 196
Allergy, insect, in children, epidemiologic study of. II. Effect of accidental stings in allergic children (Schuberth et al), 361
Amniotic bands, familial (Lubinsky) (Letter), 323
Amoxicillin therapy, single-dose, of uncomplicated pediatric urinary tract infections (Avner et al), 623

*January, pp 1-168; February, pp 169-326; March, pp 327-486; April, pp 487-644; May, pp 645-804; June, pp 805-1038.

Anemia, aplastic, treatment of (Ozsoylu) (Letter), 484
and hemoglobinopathies in Southeast Asian refugee children (Hurst et al), 692
Anesthesia hazards and other problems in anterior mediastinal masses (Halpern et al) (CLO), 407
Anomalies, association of supernumerary nipples with (Mèhes) (Letter), 161
autosomal recessive eye and brain: Warburg syndrome (Pagon et al), 542
gyral, a spectrum of, in Miller-Dieker (lissencephaly) syndrome (Van Allen and Clarren), 559
Antibiotic prophylaxis, oral, in patients with cancer: Double-blind randomized placebo-controlled trial (Pizzo et al), 125
Antibody concentration and increased serum opsonic activity in patients with sickle cell disease after pneumococcal polysaccharide immunization (Chudwin et al), 51
to ribonucleoprotein containing the small nuclear ribonucleic acid U1: Clinical and laboratory findings in childhood mixed connective tissue disease (Savouret et al), 841
Antigen(s), group B streptococcal, in body fluids, commercial latex agglutination for detection of (Baker and Rench) (CLO), 393
HLA, cytotoxic T-lymphocyte response to: Basic Science Seminar (Krensky and Burakoff), 814
Antihistamine-decongestant, effect of, on otitis media (Schachtel) (Letter), 319; (Schwartz) (Letter), 319; (Mangravite) (Letter), 320; (Joffe) (Letter), 320; (Moran et al) (Reply), 320
α_1-Antitrypsin deficiency in childhood, early assessment of liver disease associated with (Nebbia et al), 661
Aorta, coarctation of, current status (Moss) (Editor's Column), 253
Aortic valve, bicuspid, in Turner syndrome, echocardiography reveals high incidence of (Miller et al), 47
Aplastic crisis in children with hereditary spherocytosis: Human serum "parvovirus" specific cause of (Kelleher et al) (CLO), 720
Apnea, recurrent, sleep EEG abnormalities in infants with, and in children and siblings with near-miss sudden infant death syndrome (Lacey), 855
Argininosuccinic lyase deficiency, small-droplet steatosis and intracranial hypertension in (Guertin et al) (CLO), 736
Arterial blood flow, carotid, in small preterm infants with patent ductus arteriosus, range-gated pulsed Doppler ultrasonographic evaluation of (Wilcox et al), 294
Arthritis, juvenile rheumatoid, aranofin in treatment of (Giannini et al), 138
Ask-Upmark kidney (renal segmental atrophy), evolution of, in children with vesicoureteric reflux: Radiographic and morphologic studies (Shindo et al), 847
L-Asparaginase therapy, hemorrhagic complications of (Muntean) (Letter), 483; (Priest et al) (Reply), 483
thrombosis and hemorrhage during (Pastore et al) (Letter), 639; (Priest) (Reply), 640
Asphyxia, perinatal, and respiratory distress syndrome: Plasma fibronectin in healthy newborn infants (Yoder et al) (CLO), 777
Aspirate(s), bone marrow, frequency of, to monitor acute lymphoblastic leukemia in childhood (Komp et al) (CLO), 395
tracheal, examination for *Pneumocystis carinii* cysts as a guide to therapy in pneumocystis pneumonia (Trigg et al) (CLO), 881
Aspiration with endotracheal tubes, incidence of, in children (Browning and Graves) (CLO), 582
Aspirin and dipyridamole, use of, in children with platelet trapping syndromes (Koerper et al) (CLO), 311
and Reye syndrome (Brown et al) (Timely Topic), 157
trial of low doses of, as prophylaxis in sickle cell disease (Greenberg et al), 781
Assay, dried blood spot trypsin, cystic fibrosis screening by: Results in 75,000 newborn infants (Wilcken et al), 383
lactose, detection of gastric contents in trachael fluid of infants by (Hopper et al), 415
Asthma, acute, inhaled salbutamol (albuterol) vs injected epinephrine in treatment of, in children (Becker et al), 465
bronchial, prevention of continuum of (Mansmann) (Editor's Column), 391
perennial, lung function abnormalities in children with, reversibility of (Kraemer et al), 347
Asthmatic patients, gastroesophageal reflux during sleep in (Hughes et al), 666
Atelectasis, massive, and recurrent wheezing in adolescent (Mak et al), 955
Atresia, pulmonary, sinusoidal transcutaneous oxygen pressure pattern in infants with (Seki et al) (CLO), 96
Atrial pacing from the esophagus in diagnosis and management of tachycardia and palpitations (Benson et al), 40
Atrophy, renal segmental (Ask-Upmark kidney), in children with vesicoureteric reflux, evolution of: Radiographic and morphologic studies (Shindo et al), 847
Auditory brainstem response as screening tool (Perry) (Letter), 640; (Pillsbury and Dillard) (Letter), 641; (Davis et al) (Reply), 641
Auranofin in treatment of juvenile rheumatoid arthritis (Giannini et al), 138
Autosomal dominant microcephaly (Tenconi et al) (Letter), 644
Autosomal recessive eye and brain anomalies: Warburg syndrome (Pagon et al), 542
inheritance, lethal neurodysplasia with: Warburg syndrome (Whitley et al), 547

B

Barbiturate clearance, hypothermia, and alkalosis (Koren and Chin) (Letter), 643; (Schaible et al) (Reply), 643
Bartter syndrome, serum inhibitor of phytohemagglutinin-induced lymphocyte proliferation in (Garin et al), 569
Beckwith-Wiedemann syndrome, abnormality of chromosome 11 in patients with features of (Waziri et al), 873
Bereaved, assisting (Schulman) (Florida Suncoast Conference), 992
Bezoar, unusual gastric, in newborn: Polystyrene resin and *Candida albicans* (Metlay and Klionsky) (CLO), 121
Bilirubin, albumin binding of, effect of lactate, pyruvate, acetone, acetoacetate, and β-hydroxybutyrate on (Robertson and Brodersen), 433
serum, and bilirubin binding to albumin, influence of free fatty acids and glucose infusion on: Clinical implications (Ostrea et al), 426
Birthing practices, humanization of (Hamburg) (Letter), 486
Blood concentrations of diazepam and its metabolites in children and neonates with tetanus (Tekur et al) (CLO), 145

Blood—Cont'd
pressure, arterial, cerebral blood flow velocity, and intracranial pressure, effects of seizures on, in preterm infants (Perlman and Volpe), 288
sugar screening in newborn infants, comparison of various methods of (Herrera and Hsiang), 769
Body water estimates in neonatal polycythemia (Thornton et al), 113
Bonding, parent-infant, more on (Korsch) (Editor's Column), 249
setting the record straight (Klaus and Kennell) (Editor's Column), 575
Bone marrow aspirates, frequency of, to monitor acute lymphoblastic leukemia in childhood (Komp et al) (CLO), 395
mineral loss in lactating adolescents (Cunningham) (Letter), 1016; (Chan) (Reply), 1017
relapse, isolated, in long-term survivors of acute lymphoblastic leukemia (Wong et al) (CLO), 92
Botulism, infant, breast-feeding and (Boscamp et al) (Letter), 1015
Brain and eye anomalies, autosomal recessive: Warburg syndrome (Pagon et al), 542
imaging, neonatal, diagnostic accuracy of, postmortem correlation of computed tomography and ultrasound scans (Pape et al), 275
injury, coagulopathy following (Dalens and Bezou) (Letter), 166
Brainstem response, auditory, as screening tool (Perry) (Letter), 640; (Pillsbury and Dillard) (Letter), 641; (Davis et al) (Reply), 641
Branhamella catarrhalis, β-lactamase-producing, causing otitis media in children (Kovatch et al) (CLO), 261
Breast-feeding and infant botulism (Boscamp et al) (Letter), 1015
weight loss, and jaundice (Maisels and Gifford) (CLO), 113
Breath hydrogen test, carbohydrate malabsorption in infants with diarrhea studied with (Lifschitz et al), 371
Bronchial asthma, prevention of continuum of (Mansmann) (Editor's Column), 391
Bronchiectasis, familial (Davis et al), 177
Bronchodilator response to fenoterol in metered-dose inhaler, effect of administration technique on (Rivlin et al) (CLO), 470

C

Campylobacter colitis in infants (Guandalini et al) (CLO), 72
Cancer, oral antibiotic prophylaxis in patients with: Double-blind randomized placebo-controlled trial (Pizzo et al), 125
Candida albicans and polystyrene resin: Unusual gastric bezoar in newborn (Metlay and Klionsky) (CLO), 121
tropicalis pyelonephritis successfully treated with 5-fluorocytosine and surgery (Wheeler et al) (CLO), 627
Capillary abnormalities, nailfold, in childhood rheumatic diseases (Spencer-Green et al), 341
Carbamazepine therapy, reduced theophylline half-life induced by (Rosenberry et al) (CLO), 472
Carbohydrate malabsorption in infants with diarrhea studied with breath hydrogen test (Lifschitz et al), 371
Cardiac output determination in neonate (Lees) (Editor's Column), 709
Cardiovascular disease, fatal, and cutis laxa following acute febrile neutrophilic dermatosis (Muster et al), 243
Carnitine deficiency in premature infants receiving total parenteral nutrition: Effect of L-carnitine supplementation (Schmidt-Sommerfeld et al), 931
Ceftriaxone, single-dose, pharmacokinetics in pediatric patients with central nervous system infections (Chadwick et al), 134
Celiac disease, childhood, fluorescent immunosorbent test for gliadin antibodies a reliable screening test for: Prospective multicenter study (Bürgin-Wolff et al), 655
gliadin antibodies in (Lebenthal and Heitlinger) (Editor's Column), 711
serum zinc concentration in children with, prospective study of (Naveh et al) (CLO), 734
Cellulitis, eosinophilic, in a child (Saulsbury et al) (CLO), 266
Central nervous system infections, single-dose ceftriaxone pharmacokinetics in pediatric patients with (Chadwick et al), 134
Cerebral blood flow velocity, intracranial pressure, and arterial blood pressure, effects of seizures on, in preterm infants (Perlman and Volpe), 288
in intraventricular hemorrhage (Lipman and Brazy) (Letter), 324; (Volpe and Perlman) (Reply), 325
Cerebrospinal fluid C-reactive protein in neonatal meningitis (Philip and Baker) (CLO), 715
Chemotherapy, cisplatin, hearing loss in children receiving (McHaney et al) (CLO), 314
Child abuse, ethical aspects of studying (Landwirth) (Letter), 322; (Altemeier) (Reply), 322
Child, sick, and the family (Sargent) (Florida Suncoast Conference), 982
Childhood immunizations, seizures following (Hirtz et al), 14
neutropenia, lithium therapy in (de Alarcon et al) (CLO), 149
Children, phobias in (DuPont) (Florida Suncoast Conference), 999
preadolescent, pharmacokinetics of intravenously administered piperacillin in (Thirumoorthi et al), 941
Cholestasis, vitamin E deficiency and neurologic disease in children with: A prospective study (Guggenheim et al) (CLO), 577
Chromosome 11, abnormality of, in patients with features of Beckwith-Wiedemann syndrome (Waziri et al), 873
Cisplatin chemotherapy, hearing loss in children receiving (McHaney et al) (CLO), 314
Clonidine: An effective growth hormone–releasing agent (Laron et al) (Letter), 484; (Pombo et al) (Letter) 485; (Lanes and Hurtado) (Reply), 485
Clostridium difficile and its toxin, outbreaks of diarrhea associated with, in day-care centers: Evidence of person-to-person spread (Kim et al), 376
Coagulation factor XI, partial deficiency of, as newly recognized feature of Noonan syndrome (Kitchens and Alexander), 224
Coagulopathy following brain injury (Dalens and Bezou) (Letter), 166
Coarctation of aorta, current status (Moss) (Editor's Column), 253
Cognitive functioning of children with end-stage renal disease before and after successful transplantation (Rasbury et al) (CLO), 589
Coma, prolonged, recovery from, in hemolytic uremic syndrome (Steele et al) (CLO), 402

Computed tomography and ultrasound scans, postmortem correlation with diagnostic accuracy of neonatal brain imaging (Pape et al), 275
Congenital nephrosis, detection of, by screening program for hypothyroidism (Postellon) (Letter), 321
sensory neuropathy with skeletal dysplasia (Axelrod et al) (CLO), 727
virilizing adrenal hyperplasia, salt-losing, renin substrate depletion in: Low plasma renin activity despite increased renin concentration (Rosenthal et al) (CLO), 80
Copper and zinc supplementation, intravenous, serum zinc, copper, retinol-binding protein, prealbumin, and ceruloplasmin concentrations in infants receiving (Lockitch et al), 304
Corticotropin and sodium valproate suppression in child treated for seizures (Kritzler et al) (CLO), 142
C-reactive protein in rapid differentiation of acute epiglottitis from spasmodic croup and acute laryngotracheitis: A preliminary report (Peltola) (CLO), 713
cerebrospinal fluid, in neonatal meningitis (Philip and Baker) (CLO), 715
serum, use of, in differentiating septic from aseptic meningitis in children (Clarke and Cost) (CLO), 718
Cri du chat syndrome, clinical heterogeneity in 80 home-reared children with (Wilkins et al), 528
Croup, spasmodic, and acute laryngotracheitis, C-reactive protein in rapid differentiation of acute epiglottitis from: Preliminary report (Peltola) (CLO), 713
Cutis laxa and fatal cardiovascular disease following acute febrile neutrophilic dermatosis (Muster et al), 243
Cyst, *Pneumocystis carinii*, tracheal aspirate examination for, as guide to therapy in pneumocystis pneumonia (Trigg et al) (CLO), 881
Cysteamine treatment of nephropathic cystinosis, veno-occlusive disease of liver associated with (Avner et al) (CLO), 793
Cystic fibrosis, normal electrolyte and protein content in milk from mothers with: Explanation for initial report of elevated milk sodium concentration (Alpert and Cormier) (CLO), 77
screening by dried blood spot trypsin assay: Results in 75,000 newborn infants (Wilcken et al), 383
Cystine, pantethine depletes cystinotic fibroblasts of (Butler and Zatz) (CLO), 796
Cystinosis, nephropathic, circulating vitamin D metabolites in (Steinherz et al) (CLO), 592
veno-occlusive disease of liver associated with cysteamine treatment of (Avner et al) (CLO), 793
Cytomegalovirus and enteric ganglion cells (Dimmick) (Letter), 1018
infections in premature infants, sequelae of maternally derived (Yeager et al), 918
in newborn infants, prevention of transfusion-acquired (Primhak et al) (Letter), 1013
Cytotoxicity, defective infant antiviral, to herpes simplex virus–infected cells (Kohl) (CLO), 885

D

Day-care centers, outbreaks of diarrhea associated with *Clostridium difficile* and its toxin in: Evidence of person-to-person spread (Kim et al), 376
DDAVP, a useful alternative to blood components in moderate hemophilia A and von Willebrand disease (Warrier and Lusher), 228
Delivery, mode of, effect on leukocyte function of neonates (Dalens and Travade), (Letter), 1014
Dental operations, effects of psychological preparation on children hospitalized for (Schwartz et al), 634
Dentine lead and IQ: Interpretation of results of residuals analysis (Colliver et al) (Editor's Column), 573
Dermatosis, acute febrile neutrophilic, fatal cardiovascular disease and cutis laxa following (Muster et al), 243
Developmental framework of infants and children: A future for pediatric responsibility (Brazelton) (Florida Suncoast Conference), 967
Diabetes control and complications: New strategies and insights (Tamborlane and Sherwin), 805
mellitus and hemolytic-uremic syndrome, association of (Hogg and Marks) (Letter), 163
insulin-dependent, proteinuria in children with: Relationship to duration of disease, metabolic content, and retinal changes (Ellis et al), 673
virologic, immunologic, and genetic factors in (Kurtz et al) (Letter), 800
juvenile-onset, correlates of delayed motor nerve conduction and retinopathy in (Hoffman et al), 351
significance of total insulin concentrations in (Coleman) (Letter), 800; (Malone and Root) (Reply), 801
Diabetic mothers, infants of, femoral hypoplasia–unusual facies syndrome in (Johnson et al), 866
holoprosencephaly in (Barr et al), 565
Dialysis, continuous ambulatory peritoneal, growth in children receiving (Stefanidis et al), 681
Diarrhea, carbohydrate malabsorption in infants with, studied with breath hydrogen test (Lifschitz et al), 371
chronic, in young children, excessive fluid intake as a cause of (Greene and Ghishan), 836
dehydrating, in 242 neonates, treatment with oral glucose-electrolyte solution (Pizarro et al), 153
oral solutions for rehydration of patients with (Walker) (Letter), 802; (Finberg) (Reply), 803
outbreaks of, associated with *Clostridium difficile* and its toxin in day-care centers: Evidence of person-to-person spread (Kim et al), 376
Diazepam and its metabolites, blood concentrations of, in children and neonates with tetanus (Tekur et al) (CLO), 145
Diet-responsive proconvertin (factor VII) deficiency in homocystinuria (Munnich et al) (CLO), 730
Digoxin measurements, false positive, endogenous substance in newborn infants causing (Valdes et al), 947
Dipyridamole and aspirin, use of, in children with platelet trapping syndromes (Koerper et al) (CLO), 311
Disease, major, coping with: Child, family, pediatrician (Schulman) (Florida Suncoast Conference), 988
Diuresis and respiratory distress syndrome: Physiologic mechanisms and therapeutic implications (Engle et al), 912
Down syndrome, diagnosis of (Flannery) (Letter), 166; (Hecht) (Letter), 167; (Preus) (Reply), 167
thiabendazole-associated grand mal seizures in a patient with (Tchao and Templeton) (CLO), 317
Dried blood spot trypsin assay, cystic fibrosis screening by: Results in 75,000 newborn infants (Wilcken et al), 383
Drug use, teenage: Opportunities for the pediatrician (DuPont) (Florida Suncoast Conference), 1003

Ductus arteriosus response to circulating prostaglandin E_2, effect of gestational age on (Clyman et al), 907
patent, closure of, re risk of intraventricular hemorrhage (Bedard and Shankaran) (Letter), 1015; (Marshall et al) (Reply), 1015
effect of, on left ventricular output in premature infants (Alverson et al), 754
effects of indomethacin in premature infants with: Results of a national collaborative study (Gersony et al), 895
range-gated pulsed Doppler ultrasonographic evaluation of carotid arterial blood flow in small preterm infants with (Wilcox et al), 294

E

Echocardiography reveals high incidence of bicuspid aortic valve in Turner syndrome (Miller et al), 47
Effusion, pleural, and scarlatiniform rash in a patient with *Yersinia pseudotuberculosis* infection (Krober et al) (CLO), 879
Egg protein, allergic reactions to measles (rubeola) vaccine in patients hypersensitive to (Herman et al), 196
Electroencephalographic abnormalities, sleep, in children with near-miss sudden infant death syndrome, in siblings, and in infants with recurrent apnea (Lacey), 855
Electrolyte and protein content, normal, in milk from mothers with cystic fibrosis: Explanation for initial report of elevated milk sodium concentration (Alpert and Cormier) (CLO), 77
Embolus, pulmonary, and *Malassezia* pulmonary infection related to urokinase therapy (Hassall et al) (CLO), 722
Endocrine neoplasia, multiple, type 2b, early diagnosis and thyroidectomy in (Jones and Sisson), 219
Endotracheal tubes, incidence of aspiration with, in children (Browning and Graves) (CLO), 582
End-stage renal disease, cognitive functioning of children with, before and after successful transplantation (Rasbury et al) (CLO), 589
Enteritis, methemoglobinemia in infants with (Bricker et al) (Letter), 161; (Hanukoglu et al) (Letter), 161; (Seeler) (Letter), 162; (Danish) (Reply), 162
Enuresis, treatment of (Lobovits) (Letter), 642; (Wagner) (Reply), 642
Eosinophilic cellulitis in a child (Saulsbury et al) (CLO), 266
Epidemics, sequential nursery, caused by multiresistant *Klebsiella pneumonia*, molecular epidemiology of (John et al), 825
Epidemiologic observations in idiopathic pulmonary hemosiderosis (Cassimos et al), 698
Epidemiology, pediatric, etiologic research in (Daniels et al), 494
Epidermolysis bullosa letalis, acquired pyloric obstruction in a patient with (Honig et al) (CLO), 598
Epiglottitis, acute, C-reactive protein in rapid differentiation of, from spasmodic croup and acute laryngotracheitis: Preliminary report (Peltola) (CLO), 713
Epinephrine, injected, vs inhaled salbutamol (albuterol) in treatment of acute asthma in children (Becker et al),465
Eponyms, limiting (Hecht) (Letter), 485; (Schmickel) (Reply), 486
Epstein-Barr virus infection and Gianotti-Crosti syndrome (Labbé and Peyrot) (Letter), 1013
Epstein-Barr virus infection—Cont'd
and infantile papular acrodermatitis (Harpey and Lenoir) (Letter), 167
prolonged, trisomy 8, and neurofibromatosis, juvenile chronic granulocytic leukemia in patient with (Palmer et al) (CLO), 888
Essential fatty acids, accelerated degradation of, as a complication of phototherapy (Ostrea et al) (CLO), 617
Exchange transfusion, automated method for: New modification (Goldman and Tu) (CLO), 119
hematocrit level of reconstituted blood for (Maisels) (Letter), 167
Exocrine pancreatic insufficiency, transient, in infancy (Jones et al) (CLO), 580
Exophthalmos in hemoglobin SC disease (Seeler) (CLO), 90
Extrarenal abnormalities and oligohydramnios in Potter syndrome (Marras et al) (CLO), 597
Extubation, tracheal, in acute epiglottitis, fiberoptic laryngoscopy as guide to (Nussbaum) (CLO), 269
Eye and brain anomalies, autosomal recessive: Warburg syndrome (Pagon et al), 542

F

Facies, unusual–femoral hypoplasia syndrome in infants of diabetic mothers (Johnson et al), 866
Factor XI, coagulation, partial deficiency of, as newly recognized feature of Noonan syndrome (Kitchens and Alexander), 224
Familial amniotic bands (Lubinsky) (Letter), 323
bronchiectasis (Davis et al), 177
erythrophagocytic lymphohistiocytosis, an association with serum lipid abnormalities (Ansbacher et al) (CLO), 270
Family: Pediatric assessment (Sargent) (Florida Suncoast Conference), 973
and sick child (Sargent) (Florida Suncoast Conference), 982
therapy: View for pediatricians (Sargent) (Florida Suncoast Conference), 977
Feeding, effect of, on bioavailability of griseofulvin in children (Ginsburg et al) (CLO), 309
infant, impact of development of gastrointestinal tract on (Lebenthal et al), 1
Fenoterol in metered-dose inhaler, effect of administration technique on bronchodilator response to (Rivlin et al) (CLO), 470
Fiberoptic laryngoscopy as guide to tracheal extubation in acute epiglottitis (Nussbaum) (CLO), 269
Fibronectin (cold insoluble globulin) in neonate (Barnard and Arthur) (CLO), 453
plasma, in healthy newborn infants: Respiratory distress syndrome and perinatal asphyxia (Yoder et al) (CLO), 777
Fluid intake, excessive, as a cause of chronic diarrhea in young children (Greene and Ghishan), 836
middle-ear, quantitative cultures of, in acute otitis media (Wald et al) (CLO), 259
5-Fluorocytosine and surgery, *Candida tropicalis* pyelonephritis successfully treated with (Wheeler et al) (CLO), 627
Food sensitivity: Keys to diagnosis (McCarty and Frick), 645
Formula or mothers' milk, macromineral balances in premature infants fed (Atkinson et al), 99

Formula—Cont'd
whey-predominant, or human milk, growth and plasma amino acid concentrations in term infants fed (Volz et al), 27
Free fatty acids and glucose infusion, influence of, on serum bilirubin and bilirubin binding to albumin: Clinical implications (Ostrea et al), 426
Furosemide, pulmonary effects of, in preterm infants with lung disease (Najak et al), 758

G

Galactosemia, early-treated, speech and language deficits in children with (Waisbren et al) (CLO), 75
Ganglion cells, enteric, and cytomegalovirus (Dimmick) (Letter), 1018
Gastric bezoar, unusual, in newborn: Polystyrene resin and *Candida albicans* (Metlay and Klionsky) (CLO), 121
contents in tracheal fluid of infants, detection of, by lactose assay (Hopper et al), 415
emptying time in premature infants, effects of long-chain vs medium-chain triglycerides on (Sidebottom et al) (CLO), 448
Gastroesophageal reflux during sleep in asthmatic patients (Hughes et al), 666
in infants and children, long-term follow-up of surgery for (Harnsberger et al), 505
Gastrointestinal tract, impact of development of, on infant feeding (Lebenthal et al), 1
Gianotti-Crosti syndrome and Epstein-Barr virus infection (Labbé and Peyrot) (Letter), 1013
Gliadin antibodies in celiac disease (Lebenthal and Heitlinger) (Editor's Column), 711
fluorescent immunosorbent test, reliable screening test for childhood celiac disease: A prospective multicenter study (Bürgin-Wolff et al), 655
Glomerulosclerosis, focal segmental, with idiopathic nephrotic syndrome (Salcedo et al) (Letter), 325
Glucose-electrolyte solution, oral, in treatment of 242 neonates with dehydrating diarrhea (Pizarro et al), 153
infusion and free fatty acids, influence of, on serum bilirubin and bilirubin binding to albumin: Clinical implications (Ostrea et al), 426
for hyperbilirubinemia (Behrman) (Editor's Column), 392
-6-phosphate dehydrogenase–deficient infants, phototherapy in (Lopez et al) (Letter), 326
Glutaric acidemia type II: A form with deleterious intrauterine effects (Goodman et al) (CLO), 411
Granulocytosis, relative, in childhood typhoid fever (Cağlar et al) (CLO), 603
Granulomatous disease, chronic, growth in patients with (Payne et al) (CLO), 397
Griseofulvin, effect of feeding on bioavailability of, in children (Ginsburg et al) (CLO), 309
Growth in children receiving continuous ambulatory peritoneal dialysis (Stefanidis et al), 681
fetal and postnatal, of children born to narcotic-dependent women (Lifschitz et al), 686
hormone deficiency and Williams syndrome (Spadoni et al) (Letter), 640
-releasing agent, clonidine (Laron et al) (Letter), 484; (Pombo et al) (Letter), 485; (Lanes and Hurtado) (Reply) 485
Growth—Cont'd
in patients with chronic granulomatous disease (Payne et al) (CLO), 397
and plasma amino acid concentrations in term infants fed either whey-predominant formula or human milk (Volz et al), 27
in premature infants, quality of, fed their own mothers' milk (Chessex et al), 107
Gyral anomalies, a spectrum of, in Miller-Dicker (lissencephaly) syndrome (Van Allen and Clarren), 559

H

Haemophilus influenzae infections, unusual presentations of, in immunocompromised patients (Bartlett et al), 55
type b, documented by outer membrane protein subtype analysis, nosocomial spread of (Barton et al), 820
in twins (Kaplan and Mason) (CLO), 264
Half-life, reduced theophylline, induced by carbamazepine therapy (Rosenberry et al) (CLO), 472
Handicapped child, neuromuscularly, school intervention for (Hall and Porter), 210
Health needs and willingness to utilize health care resources, of adolescents in suburban population, assessment of (Marks et al), 456
Hearing loss in children receiving cisplatin chemotherapy (McHaney et al) (CLO), 314
Height, sitting, as a predictor of ventilatory functions of normal children and young adults: Mexican-American, white, and black (Hsi et al), 860
Hematocrit level of reconstituted blood for exchange transfusion (Maisels) (Letter), 167
Hemoglobin SC disease, exophthalmos in (Seeler) (CLO), 90
Hemoglobinopathies and anemia in Southeast Asian refugee children (Hurst et al), 692
Hemolytic uremic syndrome and diabetes mellitus, association of (Hogg and Marks) (Letter), 163
recovery from prolonged coma in (Steele et al) (CLO), 402
Hemophilia A, moderate, and von Willebrand disease, DDAVP a useful alternative to blood components in (Warrier and Lusher), 228
Hemophilic child with an inhibitor, use of activated prothrombin complex concentrate over multiple surgical episodes in (Heisel et al) (CLO), 951
Hemorrhage and thrombosis during L-asparaginase therapy (Pastore et al) (Letter), 639; (Priest) (Reply), 640
intracranial, and ventricular dilation, detection of, optimal timing for diagnostic cranial ultrasound in low-birth-weight infants (Partridge et al), 281
intraventricular, cerebral blood flow velocity in (Lipman and Brazy) (Letter), 324; (Volpe and Perlman) (Reply), 325
Hemorrhagic complications of L-asparaginase therapy (Muntean) (Letter), 483; (Priest et al) (Reply), 483
Hemosiderosis, idiopathic pulmonary, epidemiologic observations in (Cassimos et al), 698
Hepatic triglyceride lipase and lipoprotein lipase activity in heterozygotes of patients with familial lipoprotein lipase deficiency, significance of: Primary type 1 hyperlipoproteinemia (Go et al) (CLO), 405
Herpes simplex virus–infected cells, defective infant antiviral cytotoxicity to (Kohl) (CLO), 885

Heterogeneity, clinical, in 80 home-reared children with cri du chat syndrome (Wilkins et al), 528
Hirschsprung and Waardenburg syndromes (Ambani) (Letter), 802
Holoprosencephaly in infants of diabetic mothers (Barr et al), 565
Homocitrulline and ε*N*-acetyllysine, oral administration of, in lysinuric protein intolerance (Rajantie et al), 388
Homocystinuria, diet-responsive proconvertin (factor VII) deficiency in (Munnich et al) (CLO), 730
Hospital building, oldest children's, still in use in the United States (Huff and Srinivasan) (Letter), 165
Human milk, procainamide excretion in (Pittard and Glazier) (CLO), 631
serum "parvovirus": Specific cause of aplastic crisis in children with hereditary spherocytosis (Kelleher et al), (CLO), 720
Hydrocephalus and abnormal digits after failed first-trimester prostaglandin abortion attempt (Collins and Mahoney) (CLO), 620
Hydrocortisone, treatment of minimal change nephrotic syndrome with low doses of (Schoeneman) (CLO), 791
Hyperammonemia, disposition of sodium benzoate in newborn infants with (Green et al), 785
Hyperbilirubinemia, glucose infusions for (Behrman) (Editor's Column), 392
Hyperfunction, autonomous multiendocrine, evidence for: McCune-Albright syndrome (D'Armiento et al) (CLO), 584
Hyperglycemia and insulin resistance in progeria (Rosenbloom et al) (CLO), 400
Hyperlipoproteinemia, primary type I: Significance of lipoprotein lipase and hepatic triglyceride lipase activity in heterozygotes of patients with familial lipoprotein lipase deficiency (Go et al) (CLO), 405
Hypernatremia, chronic, from congenital defect in osmoregulation of thirst and vasopressin (Schaff-Blass et al), 703
Hyperplasia, salt-losing congenital virilizing adrenal, renin substrate depletion in: Low plasma renin activity despite increased renin concentration (Rosenthal et al) (CLO), 80
Hypertension, unresponsive persistent pulmonary, pulmonary microthrombi syndrome in newborn infants with (Levin et al), 299
Hypertriiodothyroninemia and sudden infant death syndrome, comparison of neonatal and postmortem measurements (Peterson et al), 206
Hypertrophic pyloric stenosis, ultrasound diagnosis of (Khamapirad and Athey), 23
Hyperuricosuria, screening test for (Stapleton and Nash) (CLO), 88
Hypogammaglobulinemia and elevated sweat chloride values (Rosario et al) (Letter), 163
Hypoplasia, femoral–unusual facies syndrome in infants of diabetic mothers (Johnson et al), 866
Hypothermia, alkalosis, and barbiturate clearance (Koren and Chin) (Letter), 643; (Schaible et al) (Reply), 643
Hypothyroid infants, preliminary results on mental development of, detected by Quebec Screening Program (Glorieux et al), 19
Hypothyroidism, screening program for, detection of congenital nephrosis by (Postellon) (Letter), 321

I

Iliostomy, sodium needs of infants and children with (Schwarz et al), 509
Immunization(s), childhood, seizures following (Hirtz et al), 14
compliance with, effect of timing of measles vaccination on, during second year of life (Sherrod et al), 186
pneumococcal polysaccharide, increased serum opsonic activity and antibody concentration in patients with sickle cell disease after (Chudwin et al), 51
Immunocompromised patients, unusual presentations of *Haemophilus influenzae* infections in (Bartlett et al), 55
Immunoglobulin G, platelet-associated, in childhood idiopathic thrombocytopenic purpura (Cheung et al), 366
Indomethacin, effects of, in premature infants with patent ductus arteriosus: Results of a national collaborative study (Gersony et al), 895
Infant(s) botulism and breast-feeding (Boscamp et al) (Letter), 1015
Campylobacter colitis in (Guandalini et al) (CLO), 72
and children, developmental framework of: A future for pediatric responsibility (Brazelton) (Florida Suncoast Conference), 967
of diabetic mothers, femoral hypoplasia–unusual facies syndrome in (Johnson et al), 866
holoprosencephaly in (Barr et al), 565
hypothyroid, preliminary results on mental development of, detected by Quebec Screening Program (Glorieux et al), 19
low-birth-weight (<1500 gm), with antenatal isoxsuprine exposure, follow-up of (Brazy et al) (CLO), 611
(501 to 750 gm), survival and outcome of: Six-year experience (Hirata et al), 741
optimal timing for diagnostic cranial ultrasound in, detection of intracranial hemorrhage and ventricular dilation (Partridge et al), 281
water and sodium intake of (Kattwinkel) (Letter), 1017; (Lorenz et al) (Reply), 1017
mental development scores, effect of mild iron deficiency on (Walter et al), 519
newborn, blood sugar screening in, comparison of various methods of (Herrera and Hsiang), 769
endogenous substance in, causing false positive digoxin measurements (Valdes et al), 947
healthy, plasma fibronectin in: Respiratory distress syndrome and perinatal asphyxia (Yoder et al) (CLO), 777
with hyperammonemia, disposition of sodium benzoate in (Green et al), 785
iodine-induced alterations of thyroid function in, after prenatal and perinatal exposure to povidone iodine (l'Allemand et al) (CLO), 935
prevention of transfusion-acquired cytomegalovirus in (Primhak et al) (Letter), 1013
with unresponsive persistent pulmonary hypertension, pulmonary microthrombi syndrome in (Levin et al), 299
premature, fed their own mothers' milk or formula, macromineral balances in (Atkinson et al), 99
with patent ductus arteriosus, effects of indomethacin in: Results of a national collaborative study (Gersony et al), 895
effect on left ventricular output in (Alverson et al), 754
prealbumin as biochemical marker of nutritional adequacy in (Moskowitz et al), 749

Infant(s)—Cont'd
quality of growth in, fed own mothers' milk (Chessex et al), 107
receiving mechanical ventilation, factors associated with pulmonary air leak in (Primhak), 764
receiving total parenteral nutrition, carnitine deficiency in: Effect of L-carnitine supplementation (Schmidt-Sommerfeld et al), 931
sequelae of maternally derived cytomegalovirus infections in (Yeager et al), 918
preterm, comparison of methods of measuring renal function in, using inulin (Coulthard), 923
with lung disease, pulmonary effects of furosemide in (Najak et al), 758
seizures in, effects on cerebral blood flow velocity, intracranial pressure, and arterial blood pressure (Perlman and Volpe), 288
small, with patent ductus arteriosus, range-gated pulsed Doppler ultrasonographic evaluation of carotid arterial blood flow in (Wilcox et al), 294
Infantile papular acrodermatitis and Epstein-Barr virus (Harpey and Lenoir) (Letter), 167
Infection, central nervous system, single-dose ceftriaxone pharmacokinetics in pediatric patients with (Chadwick et al), 134
Epstein-Barr virus, and Gianotti-Crosti syndrome (Labbé and Peyrot) (Letter), 1013
and infantile papular acrodermatitis (Harpey and Lenoir) (Letter), 167
prolonged, trisomy 8, and neurofibromatosis, juvenile chronic granulocytic leukemia in patient with (Palmer et al) (CLO), 888
Haemophilus influenzae, unusual presentations of, in immunocompromised patients (Bartlett et al), 55
uncomplicated, pediatric urinary tract, single-dose amoxicillin therapy of (Avner et al), 623
Insect allergy in children, epidemiologic study of. II. Effect of accidental stings in allergic children (Schuberth et al), 361
Insulin concentrations, total, in diabetes mellitus, significance of (Coleman) (Letter), 800; (Malone and Root) (Reply), 801
-dependent diabetes, proteinuria in children with: Relationship to duration of disease, metabolic control, and retinal changes (Ellis et al), 673
resistance and hyperglycemia in progeria (Rosenbloom et al) (CLO), 400
Intelligence, maternal and child, lead and relationship between (Bellinger and Needleman), 523
Intracranial hypertension and small-droplet steatosis in argininosuccinic lyase deficiency (Guertin et al) (CLO), 736
pressure, cerebral blood flow velocity, and arterial blood pressure, effects of seizures on, in preterm infants (Perlman and Volpe), 288
continuous and intermittent measurement of, by Ladd monitor (Walsh and Logan), 439
monitoring as guide to prognosis in nearly drowned, severely comatose child (Nussbaum and Galant), 215
Intraventricular hemorrhage, cerebral blood flow velocity in (Lipman and Brazy) (Letter), 324; (Volpe and Perlman) (Reply), 325
closure of patent ductus arteriosus re risk of (Bedard and Shankaran) (Letter), 1015; (Marshall et al) (Reply), 1015
Inulin, comparison of methods of measuring renal function in preterm babies using (Coulthard), 923
Iodine-induced alterations of thyroid function in newborn infants after prenatal and perinatal exposure to povidone iodine (l'Allemand et al) (CLO), 935
Iron deficiency, mild, effect of, on infant mental development scores (Walter et al), 519
Isoxsuprine exposure, antenatal, follow-up of infants of <1500 gm birth weight with (Brazy et al) (CLO), 611

J

Jaundice, breast-feeding, and weight loss (Maisels and Gifford) (CLO), 113
Juvenile chronic granulocytic leukemia in patient with trisomy 8, neurofibromatosis, and prolonged Epstein-Barr virus infection (Palmer et al) (CLO), 888
rheumatoid arthritis, aranofin in treatment of (Giannini et al), 138

K

Klebsiella pneumoniae, multiresistant, molecular epidemiology of sequential nursery epidemics caused by (John et al), 825

L

β-Lactamase-producing *Branhamella catarrhalis* causing otitis media in children (Kovatch et al) (CLO), 261
Lactating adolescents, bone mineral loss in (Cummingham) (Letter), 1016; (Chan) (Reply), 1017
D-Lactic acidosis in children, an unusual metabolic complication of small bowel resection (Perlmutter et al), 234
Lactose assay, detection of gastric contents in tracheal fluid of infants by (Hopper et al), 415
Ladd monitor, continuous and intermittent measurement of intracranial pressure by (Walsh and Logan), 439
Language and speech deficits in children with early-treated galactosemia (Waisbren et al) (CLO), 75
Laryngoscopy, fiberoptic, as guide to tracheal extubation in acute epiglottitis (Nussbaum) (CLO), 269
Laryngotracheitis, acute, and spasmodic croup, C-reactive protein in rapid differentiation of acute epiglottitis from: Preliminary report (Peltola) (CLO), 713
Latex agglutination, commercial, for detection of group B streptococcal antigen in body fluids (Baker and Rench) (CLO), 393
Lead and relationship between maternal and child intelligence (Bellinger and Needleman), 523
dentine, and IQ: Interpretation of results of residuals analysis (Colliver et al) (Editor's Column), 573
poisoning, reversible acute renal failure in (Khan et al) (CLO), 147
Learning disabilities, a current view of (Feagans), 487
Left ventricular output in premature infants, effect of patent ductus arteriosus on (Alverson et al), 754
Leukemia, acute lymphoblastic, in childhood, frequency of bone marrow aspirates to monitor (Komp et al) (CLO), 395

Leukemia—Cont'd
isolated bone relapse in long-term survivors with (Wong et al) (CLO), 92
biphenotypic: Immunologic and morphologic evidence for common lymphoid-myeloid progenitor in humans (Perentesis et al), 63
juvenile chronic granulocytic, in patient with trisomy 8, neurofibromatosis, and prolonged Epstein-Barr virus infection (Palmer et al) (CLO), 888
Leukocyte function of neonates, effect of mode of delivery on (Dalens and Travade) (Letter), 1014
Life-styles, changing: Their effects on children, families, and pediatricians (Cupoli et al) (Florida Suncoast Conference), 963
Lipoprotein lipase and hepatic triglyceride lipase activity in heterozygotes of patients with familial lipoprotein lipase deficiency, significance of: Primary type 1 hyperlipoproteinemia (Go et al) (CLO), 405
Lissencephaly (Miller-Dieker syndrome) and monosomy 17p (Dobyns et al), 552
a spectrum of gyral anomalies in (Van Allen and Clarren), 559
Lithium therapy in childhood neutropenia (de Alarcon et al) (CLO), 149
Liver disease associated with α_1-antitrypsin deficiency in childhood, early assessment of (Nebbia et al), 661
veno-occlusive, associated with cysteamine treatment of nephropathic cystinosis (Avner et al) (CLO), 793
Lung disease, pulmonary effects of furosemide in preterm infants with (Najak et al), 758
chronic, early prediction of, by pulmonary function testing (Goldman et al) (CLO), 613
function abnormalities, reversibility of, in children with perennial asthma (Kraemer et al), 347
Lymph node metastases, regional, prognostic significance of, in surgicopathologic staging of neuroblastoma (Hayes et al), 59
Lymphocyte proliferation, phytohemagglutinin-induced, in Bartter syndrome, serum inhibitor of (Garin et al), 569
cytotoxic T, response to HLA antigens: Basic Science Seminar (Krensky and Burakoff), 814
Lymphohistiocytosis, familial erythrophagocytic, an association with serum lipid abnormalities (Ansbacher et al) (CLO), 270
Lymphoid-myeloid progenitor, common, in humans, immunologic and morphologic evidence for, in biphenotypic leukemia (Parentesis et al), 63
Lysinuric protein intolerance, oral administration of ϵN-acetyllysine and homocittrulline in (Rajantie et al), 388

M

McCune-Albright syndrome: Evidence for autonomous multiendocrine hyperfunction (D'Armiento et al) (CLO), 584
Macromineral balances in premature infants fed their own mothers' milk or formula (Atkinson et al), 99
Magnesium sulfate–induced neuromuscular weakness, potentiation of, by gentamicin, tobramycin, and amikacin (L'Hommedieu et al) (CLO), 629
Malassezia pulmonary infection and pulmonary embolus related to urokinase therapy (Hassall et al) (CLO), 722
Malformations, multiple, neurologic dysfunction, and congenital thrombocytopenia, syndrome of (Gardner et al) (CLO), 600
Measles (rubeola) revaccination in adolescents, need for, correlation with birth date prior to 1972 (Yeager et al), 191
vaccination, effect of timing of, on compliance with immunizations during second year of life (Sherrod et al), 186
vaccine, allergic reactions in patients hypersensitive to egg protein (Herman et al), 196
Mediastinal masses, anterior: Anesthesia hazards and other problems (Halpern et al) (CLO), 407
Meningitis, use of C-reactive protein in differentiating septic from aseptic, in children (Clarke and Cost) (CLO), 718
neonatal, cerebrospinal fluid C-reactive protein in (Philip and Baker) (CLO), 715
Meningococcemia, unsuspected (Dashefsky et al) (CLO), 69
Mental development of hypothyroid infants, preliminary results on, detected by Quebec Screening Program (Glorieux et al), 19
scores, infant, effect of mild iron deficiency on (Walter et al), 619
Metastases, regional lymph node, prognostic significance of, in surgicopathologic staging of neuroblastoma (Hayes et al), 59
Methemoglobinemia in infants with enteritis (Bricker et al) (Letter), 161; (Hanukoglu et al) (Letter) 161; (Seeler) (Letter), 162; (Danish) (Reply), 162
Methylenetetrahydrofolate reductase deficiency, prenatal diagnosis for (Wendel et al) (CLO), 938
Microcephaly, autosomal dominant (Tenconi et al) (Letter), 644
Milk, human (mothers'), procainamide excretion in (Pittard and Glazier) (CLO), 631
quality of growth in premature infants fed (Chessex et al), 107
or formula, macromineral balances in premature infants fed (Atkinson et al), 99
whey-predominant, growth and plasma amino acid concentrations in term infants fed (Volz et al), 27
Miller-Dieker syndrome (lissencephaly) and monosomy 17p (Dobyns et al), 552
a spectrum of gyral anomalies in (Van Allen and Clarren), 559
Minimal change nephrotic syndrome: Treatment with low doses of hydrocortisone (Schoeneman) (CLO), 791
Minors' assent or dissent to medical treatment (Leikin), 169
Mixed connective tissue disease, childhood, clinical and laboratory findings in: Presence of antibody to ribonucleoprotein containing the small nuclear ribonucleic acid U1 (Savouret et al), 841
Monosomy 17p and lissencephaly: Miller-Dieker syndrome (Dobyns et al), 552
Motor nerve conduction, delayed, and retinopathy, correlates of, in juvenile-onset diabetes mellitus (Hoffman et al), 351

N

Nailfold capillary abnomalities in childhood rheumatic diseases (Spencer-Green et al), 341
Narcolepsy in a 7-year-old child (Wittig et al) (CLO), 725
Narcotic-dependent women, fetal and postnatal growth of children born to (Lifschitz et al), 686

Neonatal diagnosis of orotic aciduria: Experience with one family (McClard et al) (CLO), 85
polycythemia, body water estimates in (Thornton et al), 113
Neonate(s), cardiac output determination in (Lees) (Editor's Column), 709
detection of isolated aldosterone deficiency in (Veldhuis et al) (CLO), 83
effect of mode of delivery on leukocyte function of (Dalens and Travade) (Letter), 1014
stroke in (Mannino and Trauner), 605
Neoplasia, multiple endocrine, type 2b, early diagnosis and thyroidectomy in (Jones and Sisson), 219
Nephrotic syndrome with diffuse mesangial sclerosis in identical twins (Kikuta et al) (CLO), 586
idiopathic, focal segmental glomerulosclerosis with (Salcedo et al) (Letter), 325
Neuroblastoma, surgicopathologic staging of: Prognostic significance of regional lymph node metastases (Hayes et al), 59
Neurodysplasia, lethal, with autosomal recessive inheritance: Warburg syndrome (Whitley et al), 547
Neurofibromatosis, trisomy 8, and prolonged Epstein-Barr virus infection, juvenile chronic granulocytic leukemia in patient with (Palmer et al) (CLO), 888
Neurologic disease and vitamin E deficiency in children with cholestasis: A prospective study (Guggenheim et al) (CLO), 577
dysfunction, congenital thrombocytopenia, and multiple malformations, syndrome of (Gardner et al) (CLO), 600
Neuromuscular weakness, magnesium sulfate–induced, potentiation of, by gentamicin, tobramycin, and amikacin (L'Hommedieu et al) (CLO), 629
Neuromuscularly handicapped child, school intervention for (Hall and Porter), 210
Neuropathy, congenital sensory, with skeletal dysplasia (Axelrod et al) (CLO), 727
Neutropenia, childhood, lithium therapy in (de Alarcon et al) (CLO), 149
Nipples, supernumerary, association of, with other anomalies (Méhes) (Letter), 161
Noonan syndrome, partial deficiency of coagulation factor XI as newly recognized feature of (Kitchens and Alexander), 224
Nursery epidemics, sequential, caused by multiresisant *Klebsiella pneumonia*, molecular epidemiology of (John et al), 825
Nutrition, adequacy in premature infants, prealbumin as biochemical marker of (Moskowitz et al), 749
total parenteral, carnitine deficiency in premature infants receiving: Effect of L-carnitine supplementation (Schmidt-Sommerfeld et al), 931

O

Obituary: John Lind, M.D., 1909-1983 (Stahlman and Karlberg) (Editor's Column), 877
Oligohydramnios and extrarenal abnormalities in Potter syndrome (Marras et al) (CLO), 597
Ornithine transcarbamylase (OTC) deficiency, treatment of (Michels and Beaudet) (Letter), 321
Otitis media in children, β-lactamase-producing *Branhamella catarrhalis* causing (Kovatch et al) (CLO), 261
acute, quantitative cultures of middle-ear fluid in (Wald et al) (CLO), 259
effect of antihistamine-decongestant on (Schachtel) (Letter), 319; (Schwartz) (Letter), 319; (Mangravite) (Letter), 320; (Joffe) (Letter), 320; (Moran et al) (Reply), 320
Outer membrane protein subtype analysis, nosocomial spread of *Haemophilus influenzae* type b infection documented by (Barton et al), 820

P

Pacing, atrial, from the esophagus in diagnosis and management of tachycardia and palpitations (Benson et al), 40
phrenic nerve, in infants and children: Review of experience and report on usefulness of phrenic nerve stimulation studies (Brouillette et al), 32
Palpitations and tachycardia, atrial pacing from the esophagus in diagnosis and management of (Benson et al), 40
Pancreatic insufficiency, transient exocrine, in infancy (Jonas et al) (CLO), 580
Pancreatitis, chronic relapsing, in childhood (Ghishan et al), 514
Pantethine depletes cystinotic fibroblasts of cystine (Butler and Zatz) (CLO), 796
Parent-infant bonding, more on (Korsch) (Editor's Column), 249
setting the record straight (Klaus and Kennell) (Editor's Column), 575
"Parvovirus," human serum: Specific cause of aplastic crisis in children with hereditary spherocytosis (Kelleher et al) (CLO), 720
PDA; *see* Ductus arteriosus, patent
Pediatricians, speak up for (Schulman) (Florida Suncoast Conference), 1009
speak up louder for (Shulman) (Florida Suncoast Conference), 964
Perinatal medicine, evaluation of the quality of therapeutic studies in (Tyson et al), 10
Phenylketonuria, early-treated: Neuropsychologic consequences (Brunner et al), 831
Phenylpropanolamine-induced hypertensive seizures (Howrie and Wolfson) (CLO), 143
Phobias in children (DuPont) (Florida Suncoast Conference), 999
Phototherapy, accelerated degradation of essential fatty acids as a complication of (Ostrea et al) (CLO), 617
in G-6-PD–deficient infants (Lopez et al) (Letter), 326
Phrenic nerve pacing in infants and children: Review of experience and report on usefulness of phrenic nerve stimulation studies (Brouillette et al), 32
Physical examinations, school, and mass screening tests, comparative values of (DeAngelis et al), 477
Phytohemagglutinin-induced lymphocyte proliferation in Bartter syndrome, serum inhibitor of (Garin et al), 569
Piperacillin, pharmacokinetics of intravenously administered, in preadolescent children (Thirumoorthi et al), 941
Plasma amino acid concentrations and growth in term infants fed either whey-predominant formula or human milk (Volz et al), 27

Plasma—Cont'd
fibronectin in healthy newborn infants: Respiratory distress syndrome and perinatal asphyxia (Yoder et al) (CLO), 777
free testosterone in diagnosis of adolescent polycystic ovary syndrome (Moll and Rosenfield), 461
Platelet associated immunoglobulin G in childhood idiopathic thrombocytopenic purpura (Cheung et al), 366
count and size, fetal, prenatal study of, with application to fetus at risk for Wiskott-Aldrich syndrome (Holmberg et al), 773
trapping syndromes, use of aspirin and dipyridamole in children with (Koerper et al) (CLO), 311
Pneumocystis carinii cysts, tracheal aspirate examination for, as a guide to therapy in pneumocystis pneumonia (Trigg et al) (CLO), 881
Pneumonia, pneumocystis, tracheal aspirate examination for *Pneumocystis carinii* cysts as a guide to therapy in (Trigg et al) (CLO), 881
Poinsettia plant, local toxicity from: Case report (Edwards) (CLO), 404
Poisoning, lead, reversible acute renal failure in (Khan et al) (CLO), 147
Polycystic ovary syndrome, adolescent, plasma free testosterone in diagnosis of (Moll and Rosenfield), 461
Polycythemia, neonatal, body water estimates in (Thornton et al), 113
Polystyrene resin and *Candida albicans:* Unusual gastric bezoar in newborn (Metlay and Klionsky) (CLO), 121
Potter syndrome, oligohydramnios and extrarenal abnormalities in (Marras et al) (CLO), 597
Prealbumin as biochemical marker of nutritional adequacy in premature infants (Moskowitz et al), 749
Pressure monitoring, intracranial, as guide to prognosis in nearly drowned, severely comatose child (Nussbaum and Galant), 215
mean airway, formula for calculating (Prince and Ballantine) (Letter), 164; (Mammel and Boros) (Reply), 165
Procainamide excretion in human milk (Pittard and Glazier) (CLO), 631
Proconvertin (factor VII) deficiency, diet-responsive, in homocystinuria (Munnich et al) (CLO), 730
Progeria: Insulin resistance and hyperglycemia (Rosenbloom et al) (CLO), 400
Prophylaxis, oral antibiotic, in patients with cancer: Double-blind randomized placebo-controlled trial (Pizzo et al), 125
Prostaglandin abortion, failed first-trimester attempt, hydrocephalus and abnormal digits after (Collins and Mahoney) (CLO), 620
E_2, circulating, effect of gestational age on ductus arteriosus response to (Clyman et al), 907
Protein and electrolyte content, normal, in milk from mothers with cystic fibrosis: Explanation for initial report of elevated milk sodium concentration (Alpert and Cormier) (CLO), 77
C-reactive, in rapid differentiation of acute epiglottitis from spasmodic croup and acute laryngotracheitis: Preliminary report (Peltola) (CLO), 713
egg, allergic reactions to measles (rubeola) vaccine in patients hypersensitive to (Herman et al), 196
Proteinuria in children with insulin-dependent diabetes: Relationship to duration of disease, metabolic control, and retinal changes (Ellis et al), 673
Prothrombin complex concentrate, activated, use of, over multiple surgical episodes in a hemophilic child with an inhibitor (Heisel et al) (CLO), 951
Psychological preparation, effects of, on children hospitalized for dental operations (Schwartz et al), 634
Puberty, precocious, mosaic Turner syndrome with (Huseman) (CLO), 892
true, How many cases in girls are idiopathic? (Cacciari et al), 357
Pulmonary air leak in premature infants receiving mechanical ventilation, factors associated with (Primhak), 764
effects of furosemide in preterm infants with lung disease (Najak et al), 758
embolus and *Malassezia* pulmonary infection related to urokinase therapy (Hassall et al) (CLO), 722
function testing, early prediction of chronic lung disease by (Goldman et al) (CLO), 613
hemosiderosis, idiopathic, epidemiologic observations in (Cassimos et al), 698
hypertension, unresponsive persistent, pulmonary microthrombi syndrome in newborn infants with (Levin et al), 299
microthrombi syndrome in newborn infants with unresponsive persistent pulmonary hypertension (Levin et al), 299
Purpura, childhood idiopathic thrombocytopenic, platelet-associated immunoglobulin G in (Cheung et al), 366
Pyelonephritis, *Candida tropicalis*, successfully treated with 5-fluorocytosine and surgery (Wheeler et al) (CLO), 627
Pyloric obstruction, acquired, in a patient with epidermolysis bullosa letalis (Honig et al) (CLO), 598

Q

Quebec Screening Program, preliminary results on mental development of hypothyroid infants detected by (Glorieux et al), 19

R

Rash, scarlatiniform, and pleural effusion in a patient with *Yersinia pseudotuberculosis* infection (Krober et al) (CLO), 879
Reflux, gastroesophageal, during sleep in asthmatic patients (Hughes et al), 666
in infants and children, long-term follow-up of surgery for, (Harnsberger et al), 505
vesicoureteric, evolution of renal segmental atrophy (Ask-Upmark kidney) in children with: Radiographic and morphologic studies (Shindo et al), 847
Rehydration of patients with diarrhea, oral solutions for (Walker) (Letter), 802; (Finberg) (Reply), 803
Relapse, isolated bone, in long-term survivors with acute lymphoblastic leukemia (Wong et al) (CLO), 92
Renal disease, end-stage, cognitive functioning of children with, before and after successful transplantation (Rasbury et al) (CLO), 589
failure, acute, reversible, in lead poisoning (Khan et al) (CLO), 147
function in preterm babies, comparison of methods of measuring, using inulin (Coulthard), 923

Renal disease—Cont'd
segmental atrophy (Ask-Upmark kidney) in children with vesicoureteric reflux, evolution of: Radiographic and morphologic studies (Shindo et al), 847
tubular acidosis (Chan), 327
Renin substrate depletion in salt-losing congenital virilizing adrenal hyperplasia: Low plasma renin activity despite increased renin concentration (Rosenthal et al) (CLO), 80
Research, etiologic, in pediatric epidemiology (Daniels et al), 494
Resection, small bowel, in children, D-lactic acidosis an unusual complication of (Perlmutter et al), 234
Respiratory complications of achondroplasia (Stokes et al), 534
distress syndrome and diuresis: Physiologic mechanisms and therapeutic implications (Engle et al), 912
and perinatal asphyxia: Plasma fibronectin in healthy newborn infants (Yoder et al) (CLO), 777
severe, in lambs, artificial surfactant treatment: A controlled study (Hurt et al) (CLO), 450
surfactant function in (Ikegami et al), 443
Retinopathy and delayed motor nerve conduction, correlates of, in juvenile-onset diabetes mellitus (Hoffman et al), 351
Revaccination, measles, need for in adolescents, correlation with birth date prior to 1972 (Yeager et al), 191
Reye syndrome and aspirin (Brown et al) (Timely Topic), 157
Rheumatic diseases, childhood, nailfold capillary abnormalities in (Spencer-Green et al), 341
Ribonucleoprotein containing the small nuclear ribonucleic acid U1, presence of antibody to: Clinical and laboratory findings in childhood mixed connective tissue disease (Savouret et al), 841
Rubella serology, difficulties in interpretation of (Lamprecht and Schauf) (Letter), 323; (Levine et al) (Reply), 324

S

Sacral defects, anterior, an autosomal dominantly inherited condition (Yates et al), 239
Salbutamol (albuterol), inhaled, vs injected epinephrine in treatment of acute asthma in children (Becker et al), 465
SC disease; *see* Sickle cell disease
School intervention for neuromuscularly handicapped child (Hall and Porter), 210
physical examinations and mass screening tests, comparative values of (DeAngelis et al), 477
Sclerosis, diffuse mesangial, with nephrotic syndrome in identical twins (Kikuta et al) (CLO), 586
Screening for blood sugar in newborn infants, comparison of various methods of (Herrera and Hsiang), 769
mass, and school physical examinations, comparative values of (DeAngelis et al), 477
tests, reliable, for childhood celiac disease: Fluorescent immunosorbent test for gliadin antibodies: A prospective multicenter study (Bürgin-Wolff et al), 655
tool, auditory brainstem response as (Perry) (Letter), 640; (Pillsbury and Dillard) (Letter), 641; (Davis et al) (Reply), 641
Seizures following childhood immunizations (Hirtz et al), 14
grand mal, thiabendazole-associated, in a patient with Down syndrome (Tchao and Templeton) (CLO), 317
Seizures—Cont'd
hypertensive, phenylpropanolamine-induced (Howrie and Wolfson) (CLO), 143
in preterm infant, effects on cerebral blood flow velocity, intracranial pressure, and arterial blood pressure (Perlman and Volpe), 288
sodium valproate and corticotropin suppression in child treated for (Kritzler et al) (CLO), 142
Serology, rubella, difficulties in interpretation of (Lamprecht and Schauf) (Letter), 323; (Levine et al) (Reply), 324
Serum inhibitor of phytohemagglutinin-induced lymphocyte proliferation in Bartter syndrome (Garin et al), 569
lipid abnormalities, association with familial erythrophagocytic lymphohistiocytosis (Ansbacher et al) (CLO), 270
opsonic activity, increased, and antibody concentration in patients with sickle cell disease after pneumococcal polysaccharide immunization (Chudwin et al), 51
zinc concentration in children with celiac disease, prospective study of (Naveh et al) (CLO), 734
Siblings with Weaver syndrome (Roussounis and Crawford) (CLO), 595
Sickle cell disease, hemoglobin, exophthalmos in (Seeler) (CLO), 90
increased serum opsonic activity and antibody concentration in patients with, after pneumococcal polysaccharide immunization (Chudwin et al), 51
trial of low doses of aspirin as prophylaxis in (Greenberg et al), 781
SIDS; *see* Sudden infant death syndrome
Skeletal dysplasia, congenital sensory neuropathy with (Axelrod et al) (CLO), 727
Skin, newborn infant's, barrier properties of (Harpin and Rutter), 419
Sleep EEG abnormalities in children with near-miss sudden infant death syndrome, in siblings, and in infants with recurrent apnea (Lacey), 855
Small bowel resection in children, D-lactic acidosis an unusual complication of (Perlmutter et al), 234
Sodium benzoate in newborn infants with hyperammonemia, disposition of (Green et al), 785
needs of infants and children with iliostomy (Schwarz et al), 509
valproate and corticotropin suppression in child treated for seizures (Kritzler et al) (CLO), 142
and water intake of LBW infants (Kattwinkel) (Letter), 1017; (Lorenz et al) (Reply), 1017
Southeast Asian refugee children, anemia and hemoglobinopathies in (Hurst et al), 692
Speech and language deficits in children with early-treated galactosemia (Waisbren et al) (CLO), 75
Spherocytosis, hereditary, aplastic crisis in children with: Human serum "parvovirus" specific cause of (Kelleher et al) (CLO), 720
Staging, surgicopathologic, of neuroblastoma: Prognostic significance of regional lymph node metastases (Hayes et al), 59
Steatosis, small-droplet, and intracranial hypertension in argininosuccinic lyase deficiency (Guertin et al) (CLO), 736
Stenosis, hypertrophic pyloric, ultrasound diagnosis of (Khamapirad and Athey), 23
Stings, effect of accidental, in allergic children. Epidemiologic study of insect allergy in children. II. (Schuberth et al), 361

Stroke in neonates (Mannino and Trauner), 605
Studies, therapeutic, in perinatal medicine, evaluation of the quality of (Tyson et al), 10; (Garfunkel) (Editor's Column), 68; (Mattingly and Rimm) (Letter), 482
Sudden infant death syndrome and hypertriiodothyroninemia, comparison of neonatal and postmortem measurements (Peterson et al), 206
near-miss, sleep EEG abnormalities in children with, in siblings, and in infants with recurrent apnea (Lacey), 855
postmortem elevation of triiodothyronine in, and in infants who died of other causes, a marker of previous health (Schwarz et al), 200
and triiodothyronine, clarification of a relationship (Root and Lee) (Editor's Column), 251
Supplementation, L-carnitine, effect of: Carnitine deficiency in premature infants receiving total parenteral nutrition (Schmidt-Sommerfeld et al), 931
intravenous zinc and copper: Serum zinc, copper, retinol-binding protein, prealbumin, and ceruloplasmin concentrations in infants receiving (Lockitch et al), 304
Surfactant function in respiratory distress syndrome (Ikegami et al), 443
artificial, treatment in lambs with severe respiratory distress syndrome: A controlled study (Hurt et al) (CLO), 450
Surgery and 5-fluorocytosine, *Candida tropicalis* pyelonephritis successfully treated with (Wheeler et al) (CLO), 627
for gastroesophageal reflux in infants and children, long-term follow-up of (Harnsberger et al), 505
Sweat chloride values, elevated, and hypogammaglobulinemia (Rosario et al) (Letter), 163

T

Tachycardia and palpitations, atrial pacing from the esophagus in diagnosis and management of (Benson et al), 40
paroxysmal supraventricular, precipitated by pertussis vaccine (Park et al) (CLO), 883
Teenage drug use: Opportunities for the pediatrician (DuPont) (Florida Suncoast Conference), 1003
Testosterone, plasma free, in diagnosis of adolescent polycystic ovary syndrome (Moll and Rosenfield), 461
Tetanus, blood concentrations of diazepam and its metabolites in children and neonates with (Tekur et al) (CLO), 145
Theophylline half-life, reduced, induced by carbamazepine therapy (Rosenberry et al) (CLO), 472
overdose, acute pediatric: Summary of 28 cases (Gaudreault et al) (CLO), 474
Therapy, family: A view for pediatricians (Sargent) (Florida Suncoast Conference), 977
Thiabendazole-associated grand mal seizures in a patient with Down syndrome (Tchao and Templeton) (CLO), 317
Thrombocytopenia, congenital, with multiple malformations and neurologic dysfunction, syndrome of (Gardner et al) (CLO), 600
Thrombocytopenic purpura, idiopathic childhood, platelet-associated immunoglobulin G in (Cheung et al), 366
Thrombosis and hemorrhage during L-asparaginase therapy (Pastore et al) (Letter), 639; (Priest) (Reply), 640
Thyroid function in newborn infants after prenatal and perinatal exposure to povidone iodine, iodine-induced alterations of (l'Allemand et al) (CLO), 935
Thyroid Screening, Second International Conference on: Progress report (Fisher), 653
Thyroidectomy in multiple endocrine neoplasia, type 2b, early diagnosis and (Jones and Sisson), 219
Toxicity, local, from poinsettia plant: Case report (Edwards) (CLO), 404
Tracheal extubation in acute epiglottitis, fiberoptic laryngoscopy as guide to (Nussbaum) (CLO), 269
Transcutaneous oxygen pressure, sinusoidal, pattern in infants with pulmonary atresia (Seki et al) (CLO), 96
Transfusion acquired cytomegalovirus in newborn infants, prevention of (Primhak et al) (Letter), 1013
exchange, automated method for: New modification (Goldman and Tu) (CLO), 119
hematocrit level of reconstituted blood for (Maisels) (Letter), 167
Triglyceride lipase, hepatic, and lipoprotein lipase activity in heterozygotes of patients with familial lipoprotein lipase deficiency, significance of: Primary type 1 hyperlipoproteinemia (Go et al) (CLO), 405
long-chain vs medium-chain, effects of, on gastric emptying time in premature infants (Sidebottom et al) (CLO), 448
Triiodothyronine, postmortem changes in serum concentrations of, in rats (Lee et al) (CLO), 257
elevation of, in sudden infant death syndrome and in infants who died of other causes, a marker of previous health (Schwarz et al), 200
and sudden infant death syndrome, clarification of a relationship (Root and Lee) (Editor's Column), 251
Trisomy 8, neurofibromatosis, and prolonged Epstein-Barr virus infection, juvenile chronic granulocytic leukemia in patient with (Palmer et al) (CLO), 888
Turner syndrome, echocardiography reveals high incidence of bicuspid aortic valve in (Miller et al), 47
mosaic, with precocious puberty (Huseman) (CLO), 892
Twins, *Haemophilus influenzae* type b disease in (Kaplan and Mason) (CLO), 264
Typhoid fever, childhood, relative granulocytosis in (Cağlar et al) (CLO), 603

U

Ultrasound and computed tomography scans, postmortem correlation with diagnostic accuracy of neonatal brain imaging (Pape et al), 275
diagnosis of hypertrophic pyloric stenosis (Khamapirad and Athey), 23
diagnostic cranial, optimal timing for, in low-birth-weight infants, detection of intracranial hemorrhage and ventricular dilation (Partridge et al), 281
evaluation, range-gated pulsed Doppler, of carotid arterial blood flow in small preterm infants with patent ductus arteriosus (Wilcox et al), 294
Urinary tract infections, uncomplicated pediatric, single-dose amoxicillin therapy of (Avner et al), 623

V

Vaccination, measles, effect of timing of, on compliance with immunizations during second year of life (Sherrod et al), 186

Vaccine, measles (rubeola), allergic reactions in patients hypersensitive to egg protein (Herman et al), 196
pertussis, paroxysmal supraventricular tachycardia precipitated by (Park et al) (CLO), 883
Veno-occlusive disease of liver associated with cysteamine treatment of nephropathic cystinosis (Avner et al) (CLO), 793
Ventilation, mechanical, factors associated with pulmonary air leak in premature infants receiving (Primhak), 764
Ventilatory functions of normal children and young adults: Mexican-American, white, and black. III. Sitting height as a predictor (Hsi et al), 860
Ventricular dilation and intracranial hemorrhage, detection of: Optimal timing for diagnostic cranial ultrasound in LBW infants (Partridge et al), 281
Virus, cytomegalo-, and enteric ganglion cells (Dimmick) (Letter), 1018
in newborn infants, prevention of transfusion-acquired (Primhak et al) (Letter), 1013
in premature infants, sequelae of maternally derived (Yeager et al), 918
Epstein-Barr, and Gianotti-Crosti syndrome (Labbé and Peyrot) (Letter), 1013
and infantile papular acrodermatitis (Harpey and Lenoir) (Letter), 167
prolonged, trisomy 8, and neurofibromatosis, juvenile chronic granulocytic leukemia in patient with (Palmer et al) (CLO), 888
herpes simplex, infected cells, defective infant antiviral cytotoxicity to (Kohl) (CLO), 885
Vitamin D metabolites, circulating, in nephropathic cystinosis (Steinherz et al) (CLO), 592
glossary of (Loening) (Letter), 168; (Finberg) (Reply), 168
E deficiency and neurologic disease in children with cholestasis: A prospective study (Guggenheim et al) (CLO), 577
von Willebrand disease and moderate hemophilia A, DDAVP a useful alternative to blood components in (Warrier and Lusher), 228

W

Waardenburg and Hirschprung syndromes (Ambani) (Letter), 802
Warburg syndrome, autosomal recessive eye and brain anomalies (Pagon et al), 542
lethal neurodysplasia with autosomal recessive inheritance (Whitley et al), 547
Water and sodium intake of LBW infants (Kattwinkel) (Letter), 1017; (Lorenz et al) (Reply), 1017
body, estimates in neonatal polycythemia (Thornton et al), 113
Weaver syndrome, siblings with (Roussounis and Crawford) (CLO), 595
Weight loss, breast-feeding, and jaundice (Maisels and Gifford) (CLO), 113
Wheezing, recurrent, and massive atelectasis in an adolescent (Mak et al), 955
Williams syndrome and growth hormone deficiency (Spadoni et al) (Letter), 640
Wiskott-Aldrich syndrome, prenatal study of fetal platelet count and size with application to fetus at risk for (Holmberg et al), 773

Y

Yersinia pseudotuberculosis infection, scarlatiniform rash and pleural effusion in a patient with (Krober et al) (CLO), 879

Z

Zinc and copper supplementation, intravenous, serum zinc, copper, retinol-binding protein, prealbumin, and ceruloplasmin concentrations in infants receiving (Lockitch et al), 304
serum concentration in children with celiac disease, prospective study of (Naveh et al) (CLO), 734
